

MEMORANDUM FOR: Deputy Director (Plans)

SUBJECT : Bill for Special Services - Project [REDACTED]

25X1A

With regard to the attached memorandum from the Chief, International Organizations Division, your attention is invited to Colonel Edward's memorandum of 19 November. Although the request for authorization for payment of the bill is hereby approved, it appears that the employment of an outside firm was unnecessary and ill-advised. It is requested that appropriate steps be taken to prevent repetition of this and similar type actions.
